1. **EXPERIENCE RMIT** – Would you like to learn more about studying at RMIT? The RMIT ‘Experience Days’ Event program is now available, giving Year 10 – 12 students the opportunity to attend free events and engage in workshops in business, science, social impact, health and medical sciences, engineering, marketing and communications, property and project management and design, and experience life on campus. Go to: [www.rmit.edu.au/experiencedays](http://www.rmit.edu.au/experiencedays), then to [Event Program](http://www.rmit.edu.au) for more information and to book. The experience days are in the holidays.

2. **WHERE CAN I STUDY PHYSIOTHERAPY?** Physiotherapy is a popular choice of career, with many aspiring physiotherapists hoping to become [sports physiotherapists](http://www.sportsphysiotherapy.com.au). The reality is of course, that many physiotherapists work in other settings such as hospitals, community health centres, in mental health, and in rehabilitation, often with [elderly patients](http://www.elderly.com.au). In Victoria, physiotherapy is taught at La Trobe, Melbourne and Monash universities, and, from 2017, at [Australian Catholic University (ACU) in Ballarat](http://www.acu.edu.au/ballarat). The ATAR required for entry to physiotherapy is very high due to the popularity of the course, and to the fact that places are limited. La Trobe uses the ATAR for selection, Monash uses the ATAR and an interview, while at Melbourne, as with many of their degrees, physiotherapy is studied as a [post-graduate degree](http://www.postgraduate.unimelb.edu.au). Applicants for Melbourne must have completed an undergraduate degree with human anatomy and human physiology subjects. The aim of ACU offering physiotherapy in Ballarat is to help [tackle the shortage of healthcare professionals in the Ballarat region](http://www.ballarat-region.com) by offering local training opportunities for up to 50 students. Purpose-built facilities will be available on campus and there will be access to laboratories, hospitals and health services in the region. **Prerequisites for the ACU course are:** Units 3 and 4 – a minimum study score of 30 in English (EAL) or 25 in any other English, and a minimum study score of 25 in one of Biology, Chemistry or Physics.

3. **LA TROBE UNIVERSITY NEWS**
- **WHAT IS THE ASPIRE GENERATION?** As noted previously, La Trobe university offers the [Aspire Early Admissions Program](http://www.latrobe.edu.au/aspire) for Year 12’s applying for La Trobe (applications are now open, and close 31 August at [www.latrobe.edu.au/aspire](http://www.latrobe.edu.au/aspire)). In addition, La Trobe is promoting the ambition of the next generation to come together and solve pressing issues facing our global communities. So La Trobe is launching the [Aspire Generation](http://www.latrobe.edu.au/aspire) for Year 10-12 students. This is a community of young people connected by their aspiration to make a difference through community service and leadership. The [Aspire Generation](http://www.latrobe.edu.au/aspire) will be empowered to drive change through community engagement, volunteerism and leadership opportunities. (eg La Trobe’s recent partnership with Orange Sky Laundry underpins the ongoing commitment to driving social change). Students in years 10-12 can [register their interest](http://www.latrobe.edu.au/aspire) online via the Aspire Generation page.

- **SPRING INTO THE GREAT OUTDOORS IN THE HOLIDAYS!** This is early notice of an experience of a lifetime. Find out what it is like to be an [Outdoor and Environmental Education](http://www.monash.edu/inside) student at La Trobe university in the [September School Holiday Program](http://www.monash.edu/inside). When: 26-30 September, 2016; Where: Either canoeing on the Murray River OR bushwalking and climbing at Kooyoora State Park; [Cost](http://www.monash.edu/inside): $100 (including food/equipment). The trips will begin and end at La Trobe’s Bendigo campus; [sign up now](http://www.monash.edu/inside).

4. **COMPUTER GAMES BOOT CAMP COMING** – The Faculty of Information Technology at Monash University invites Years 9-12 students to this [annual event](http://www.monash.edu/inside). It is an interactive event for students to engage with like-minded people and find out what their career could look like after completing studies with this Faculty. Learn about areas like graphic design, 3D animation, software development, web design, multimedia development, data science and cyber-security. When: 5-7 July; Where: Monash University, Clayton Campus; [Register](http://www.monash.edu/inside); Cost: Free; Info: 9905 5845.

5. **AUSTRALIAN JOBS 2016** – In 2016 the Australian labour market is markedly different from that experienced in past decades. The Federal Government’s [Department of Employment](http://www.deewr.gov.au) has a publication called ‘Australian Jobs’, presenting an overview of the current labour market and highlights the major changes which have occurred. It is useful for those exploring careers and those wanting a better understanding of the labour market. See: [www.employment.gov.au/skill-shortages](http://www.employment.gov.au/skill-shortages).
